Council Worksession 2/15/2018

BACKGROUND:

The City Council has an adopted Polices-Procedure Manual. In this document, there is a placeholder in the communications section regarding social media. Staff is recommending at this time that the Council consider adopting a policy governing councilmember use of social media.

The City has an adopted Technology Policy with a section on the use of the city's official social media accounts. The purpose of a City Council policy is to address individual use of social media and how individual councilmembers who use social media can comply with open government requirements.

Staff is recommending that Council members have the option of having a city-created official Facebook page for their official use. Additionally, staff is recommending that Councilmembers not use personal social media accounts for city business and post a disclaimer on those accounts to minimize the likelihood that they would be used for any official purpose.

Under the law, a city official's use of a personal social media account can be considered a public record and subject to retention and disclosure requirements if it is used for city

business, which could include things like responding to constituent questions about city policies or activities. Additionally, there is the possibility that use of social media by elected officials could be considered an open meeting violation under certain circumstances.

ADVANTAGES:

1. Adopting a policy will assist councilmembers in appropriately using their official and personal social media accounts in a way that complies with applicable state laws and open government requirements.
2. Providing councilmembers with official Facebook pages will allow for better compliance with open government requirements.

DISADVANTAGES:

1. There will be staff and city resources required to implement official Facebook pages for interested Councilmembers.
2. The policy may require individual councilmembers to alter their personal social media account usage.

Communication Chapter 5

5.09 City Council use of Social Media

This policy establishes a formal process and standards for the use of social media by Elected Officials (Mayor and Councilmembers) in their official capacity. The purpose of social media sites/tools owned or maintained by the City of Lacey for Elected Officials is to provide a limited forum for Elected Officials to communicate with their constituents and members of the public regarding subjects directly related to the City of Lacey and the Lacey community.

The provisions of this policy shall apply only to social media sites/tools owned or maintained by the City of Lacey, including sites/tools established by the City for elected officials. It is primarily each Elected Official's responsibility to ensure compliance with this policy.

It is the city's preference and intent that elected officials only use social media sites/tools owned or maintained by the City of Lacey to communicate in their official capacity. The use of private social media sites/tools for this purpose is strongly discouraged. Elected officials are asked to include the disclaimer in Exhibit B on all official and personal social media accounts or pages to avoid confusion and potential violations of open government requirements.

DEFINITIONS

"Chat" is a feature that allows instant messages to be sent.

"Comment" is a response to a post, an article, or other social media content submitted by a visitor.

"Elected Officials" includes Mayor, Councilmembers, and any staff working on an Elected Official's behalf to represent him or her, using a social media tool.

"Reacting" is a feature that allows users to show their reaction to specific comments, pictures, wall posts, statuses, or fan pages. The "reaction" button allows users to show their appreciation, dislike, or other emotion for content without having to make a written comment.

"Post" is an original entry onto a social media site by the user of the site.

"Sharing" is to relay a previously created post onto a different social media site.

"Social Media" are third-party hosted online technologies that facilitate social interactions and dialogue. These online technologies are operated by non-city hosted services and may be used by the Elected Officials to communicate with the public. Such third party hosted services/tools may include, but are not limited to: social networking sites (Facebook, Linked-In), micro-blogging tools (Twitter, Instagram, Snapchat), audiovisual networking sites (YouTube, Vimeo), and blogs (Wordpress, Tumblr, etc.)

“Tagging” is a mechanism of linking a person, page, or place to a post.

“Visitor” is a person who views an Elected Official’s social media site.

GENERAL POLICY

While social media, with its use of popular abbreviations and shorthand, does not adhere to standard conventions of correspondence, the content and tenor of online conversations, discussions, and information posts and comments should model the same professional behavior displayed during Council meetings and community meetings.

Social media are not to be used by Elected Officials as mechanisms for conducting official city business other than to informally communicate with the public. Examples of business that may not be conducted through social media include: making policy decisions, official public noticing, and discussing confidential City matters that have not been approved for release to the public. Elected Officials’ social media site(s) should contain links directing users back to the City’s official website for in-depth information, forms, documents, or online services necessary to conduct official city business.

ADMINISTRATION, ENFORCEMENT, AND DISPUTE RESOLUTION

The City’s Director of Administrative Services shall have primary responsibility to administer and enforce the provisions of this policy with respect to social media sites/tools owned or maintained by the City of Lacey.

The City’s Director of Administrative Services, following consultation with the City Attorney, may cause categories of official City of Lacey social media applications, tools, or sites to be permanently or temporarily discontinued if they are not or cannot be used in compliance with this policy. The Director shall exercise such discretion in a viewpoint-neutral, evenhanded, and non-arbitrary manner.

CONTENT RESTRICTIONS - ETHICS AND ELECTIONS RULES OF COMPLIANCE

All content posted on individual Elected Officials’ social media sites shall comply with applicable Council Rules of Procedures, City ordinances and administrative rules, and Washington State law regulating public agencies and elected officials.

PUBLIC RECORDS ACT COMPLIANCE

State and local records retention laws and schedules apply to social media content. All social media content that is required to be retained shall be maintained for the legally required retention period based on the subject matter of the content. Social media accounts owned or maintained by the City of Lacey, will be retained through the City's archiving system.

Any social media tools used should clearly state that all content submitted by members of the public is potentially subject to public disclosure pursuant to the Public Records Act, RCW 42.56. If it is not possible to display this notice prominently on the site, Elected Officials should notify users by including a link from the site to the Public Records Act notice set out in Exhibit A, notify new users via response to posts, and/or periodically notify existing users via broadcast message.

Users of, and visitors to, social media sites shall be notified that public disclosure requests must be directed to the appropriate City Public Records Officer pursuant to the City's Public Records Disclosure Policy.

Councilmembers should avoid using their official city account or page to comment on another social media accounts because those comments may not be captured for public records purposes.

OPEN PUBLIC MEETINGS ACT AND APPEARANCE OF FAIRNESS DOCTRINE COMPLIANCE

Communication between Councilmembers via social media, as with telephone and email, may potentially constitute a "meeting" under the Open Public Meetings Act, Chapter 42.30 RCW.

For this reason, Councilmembers are prohibited from participating in social media discussions/threads regarding City business that involve a quorum of Council Members, and are strongly discouraged from "friending" of "following" other Councilmembers or reacting to other Councilmember's posts.

In addition, receiving or making posts or comments regarding quasi-judicial matters via social media may violate Council Policy and Chapter 42.36 RCW – the Appearance of Fairness Doctrine. To avoid receiving any comments on pending quasi-judicial matters that may violate the

Appearance of Fairness Doctrine, Councilmembers are strongly encouraged to maintain social media sites with settings that can restrict users' ability to post content.

CONTENT GUIDELINES AND RESTRICTIONS

For social media sites/tools owned or maintained by the City of Lacey, users and visitors of social media sites who submit comments should be clearly notified that the intended purpose of the site is to serve as a mechanism for informal communication between Elected Officials and the public regarding the City-related topics discussed. If the public is allowed to post comments to an Elected Official's site, the Use Policy set out in Exhibit A must be displayed or made available by hyperlink.
